# Honeysmoke

## Name the color

Simone knows that colors are words and words are colors.  
Match the colors on the left with the words on the right.

bronze leaf

autumn gold

ruby fire

artic pearl

rising sun

sandstone

copper storm

sugar coal

brass pebble

sun quartz

terracotta clay

# Honeysmoke

## Create colors with color mixing

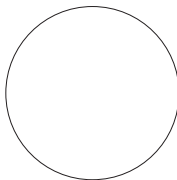

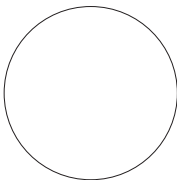

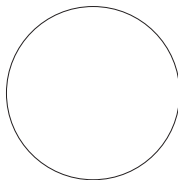

Simone created honeysmoke from the honey color of her mother's skin and the smoke color of her father skin. With a parent, guardian, or teacher, gather some color pencils, crayons, or paint and combine the colors listed below to see what colors they create.

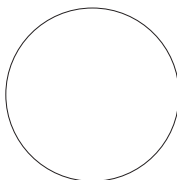

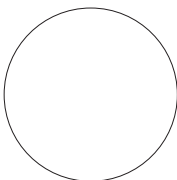

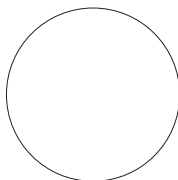

Yellow + Blue =  \_\_\_\_\_

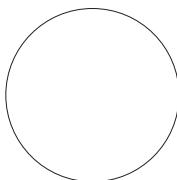

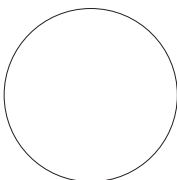

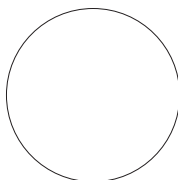

Yellow + Red =  \_\_\_\_\_

Blue + Red =  \_\_\_\_\_

Now pick a few colors to mix on your own and see what colors you create. Write the colors on the line.

 \_\_\_\_\_ +  \_\_\_\_\_ =  \_\_\_\_\_

 \_\_\_\_\_ +  \_\_\_\_\_ =  \_\_\_\_\_

 \_\_\_\_\_ +  \_\_\_\_\_ =  \_\_\_\_\_

Yellow + Blue = Green  
Yellow + Orange = Red  
Blue + Red = Purple
