THE LIBRARY OF EVER

ACTIVITIES BASED ON THE BOOK BY ZENO ALEXANDER

About the Book: With her parents off traveling the globe, Lenora is bored, bored, bored—until she discovers a secret doorway into the ultimate library. Mazelike and reality-bending, the library contains all the universe’s wisdom. Every book ever written, and every fact ever known, can be found within its walls.

And Lenora becomes its newly appointed Fourth Assistant Apprentice Librarian.

She rockets to the stars, travels to a future filled with robots, and faces down a dark nothingness that wants to destroy all knowledge. To save the library, Lenora will have to test her limits and uncover secrets hidden among its shelves.

↪ ⌋ A LETTER FROM THE AUTHOR ⌋ ↩

Hello,

My dear readers, friends of libraries, friends of Lenora, and perhaps even a few of our enemies, who wish to plumb our secrets in order to defeat us (fair warning: these activities have been designed to thwart you),

As you know (or will soon learn), Lenora is at all times surrounded by friends who help her in her battles to preserve knowledge and light. This help can take many forms, some of them represented in these very activities. You will find that you become an ally in the preservation of lost wisdom. Each book that you read will be another light to fend off the dark. Your images from the past and future will spark the imaginations of all who see them. And you will hone your skills in finding that which has been deliberately hidden, an invaluable skill for anyone on the side of light. In the end, you will become a new friend for Lenora and the many others around her who have joined her in the fight.

As I, Zeno, scribble these words on papyrus (my preferred writing surface for over 2000 years now), I am still secreted away in a hidden location. There remain many battles to be fought, some won, some lost, as the Forces of Darkness never give up (sadly for them, neither do we!). I look forward to each of you joining us in learning that Knowledge is a Light, a light we intend to keep burning forever.

Thank you,

Zeno Alexander
